

Our ref KS/TG

1 March 2022

Dear Parent / Carer

Y9 Design Technology Focus day

I am delighted to inform you of an exciting opportunity that the Design Technology Department is organising for your child. The students will take part in a focus day which will be centred around sustainability and will involve students demonstrating various design and practical skills which are essential for all of our students. We have invited a local employer into the academy to talk to your child about apprenticeships and career possibilities here in Worksop and nationally.

On Tuesday 22nd March and Tuesday 29th March, Year 9 students will spend the day in Technology taking part in a range of different activities. The year group is split into two halves, **9X will be engaged on Tuesday 22nd March and 9Y will be engaged on Tuesday 29th March.**

Information about the timings of the day(s) and group listings will be shared with the students in the academy nearer the time. There will be no change to the beginning and end of day arrangements.

If you would like any further information on this, you may contact me at the email address: k.smith@valley.outwood.com

We are very much looking forward to hosting this event for our students.

Yours faithfully

K Smith
